John,

Thank you for the email. Julie and I will plan to attend the working meeting on Tues, Jan 14 at 10am.

Hi All,

In talking with some of the regular attendees to the 2<sup>nd</sup> Tuesday Agencies Coordination Meeting on the WQCP Update and SJTSP, we decided to cancel the regular meeting, but still have a smaller working meeting to cover Adaptive Management concepts for the revised Phase I Substitute Environmental Document. There is also a CDFW meeting that is taking several of my Department's staff time on Tuesday afternoon, so canceling the regular meeting helps with my calendar. Instead of meeting in the afternoon, those that are interested can attend (or call into) a working meeting from 10:00 – 12:00 at the CalEPA building (Chris Carr is securing a room) where we will talk about Adaptive Management concepts and ideas with Diane and her staff. I'm hoping to have a working document we can use for discussion, but I don't expect that to be ready until Monday. I will send this, a room number and conference call number on Monday.

Please let me know if are interested in the morning working meeting so we have an idea of how large a room we will need. Also, if you can put together any ideas for an Adaptive Management process that is focused towards this process, bring them.
